

ELECTRICAL PERMIT REQUIREMENTS

Before any person shall receive electricity for any structure or meter base on any property within unincorporated Hinds County, he or she shall obtain a permit from the Board of Supervisors of Hinds County, Mississippi through the Permit & Zoning Department. No permit shall be issued by the Permit & Zoning Department, except in conformity with the provisions of the Hinds County Zoning Ordinance.

Each application for electrical permit must present the following items:

1. Proof of ownership in the form of a deed (or warranty deed) and if the applicant is not the owner, a notarized document of permission.
2. The water company serving the location and a copy of a written approval such as a meter or connection deposit. (If a water well is to be used, written approval from the Mississippi Department of Health).
3. The type of sewer to be used and if it is a septic tank or treatment plant; a copy of written approval from the Hinds County Health Department. (If lights been disconnected for six months or more, approval from the Hinds County Health Department is requested for septic or treatment plants).
4. Owner's name, address, telephone number, and the address to the location of the electrical meter, if different.

The application approval will be made only on condition that the items listed above are presented and that all Hinds County Zoning Ordinances are met.
